The **National Museum of American Jewish History** celebrated its fifth anniversary with a gala to honor the stories of Jews who have made their homes in this country. On November 18, more than 350 donors gathered as a community and connected to the stories of hope and courage, leadership and service at the 5th Anniversary “Only in America” Gala. The gala reflected on the successes of the last five years at their historic Market Street home and celebrated the next generation of leaders at the Museum. Gala chairs were **Gennifer and Elijah Dornstreich**. Decor was done by **Pencora** and event production was by **Fred Stein**.
